

Church management, *made simple.*

Members, Sunday check-ins, giving, messaging, events and beautiful flyers — in one place, in your members' own languages. So your team spends less time on admin and more time on ministry.

● 7-day free trial

● No card needed to start

● 5 languages

● From €8 / month

The screenshot displays the Zion Desk web dashboard and a mobile app interface. The dashboard is titled "Good day, Pastor Mike" and shows a navigation bar with options like Overview, Ask Ellen, Members, Giving, Messaging, Events, Design Studio, Links & QR codes, and Reports. It also includes a "Viewing as Administrator" dropdown and a language selector set to "EN". Key statistics are shown: 48 people in church (+2 this month), 7 newcomers to follow up (Today), and \$37 in giving. The main content area is divided into two sections: "Newcomer follow-up" and "Upcoming birthdays".

Newcomer follow-up

Joined	Name	Status	Initials
Oct 2	Esther Bello	Online	EB
Oct 1	Sarah Kalu	Main Campus	SK
Sep 26	David Thompson	Downtown	DT
Sep 13	Michael Adeyemi	Main Campus	MA
Sep 9	Mary Kalu	Main Campus	MK
Sep 5	John Adeyemi	Main Campus	JA

Upcoming birthdays

Initials	Name	Date	Days
NJ	Naomi Johnson	October 12	in 7 days
SM	Samuel Mensah	October 15	in 10 days
JT	James Thompson	October 19	in 14 days
HW	Hannah Williams	October 27	in 22 days
JB	John Brown	November 2	in 28 days

The mobile app interface, titled "Grace Chapel", shows a "Welcome to the family of God" message and a form for new members to provide their details. The form includes fields for Full name, Phone number, Email, Gender, Date of birth, Address, and Branch.

Every person matters. Nobody should slip through the cracks.

Churches grow one person at a time — a first-time guest, a new convert, a faithful member who quietly stops coming. Spreadsheets, paper cards and scattered WhatsApp groups make it easy to lose people. ZionDesk gives your church one simple home for the people God sends you.

Paper cards on Sunday

New members fill in cards that get lost, misread or typed up weeks later.

Registered before the sermon ends

Guests and new converts scan a QR code and sign up on their own phone — live, during the service.

"We haven't seen them in weeks"

By the time anyone notices someone has stopped coming, the moment to reach out has passed.

Sunday check-ins & gentle follow-ups

One-tap QR check-in shows who's here. Optionally, a caring message goes out after missed Sundays.

Messages that miss people

Announcements in one language, sent from personal phones, with no record of who was reached.

Everyone, in their own language

Email, SMS and WhatsApp in 5 languages — and replies land in one shared inbox.

Giving in notebooks

Tithes and offerings recorded by hand, receipts forgotten, reports hard to produce.

Online giving with receipts

Card and mobile money, every gift in the right fund, receipts sent automatically, reports in a click.

Less time on admin.
More time on ministry.

Built for pastors, administrators, ministry leaders and finance teams — with roles, so everyone sees exactly what they need.

EVERYTHING IN ONE PLACE

One platform for your whole church

No more juggling apps. Your members, attendance, giving, messages, events and designs all talk to each other.

Members & discipleship

Unlimited members, ministries and branches. Track every journey from first visit to newcomer, convert, member and worker.

QR registration & Sunday check-ins

New converts and guests register live during service. Members check in with one tap; see attendance trends over 8 weeks.

Messaging & inbox

Email, SMS and WhatsApp in English, Spanish, French, German and Portuguese. Members reply — your team answers from one inbox.

Online giving

Card and mobile-money giving in your local currency, bank transfers, funds, automatic receipts and finance reports.

Events & online meetings

Plan services and meetings, send invitations and reminders, and create Google Meet links automatically.

Design Studio & designers

AI flyers in seconds — and on Ministry Max, real ZionDesk designers deliver your flyers within 48 hours.

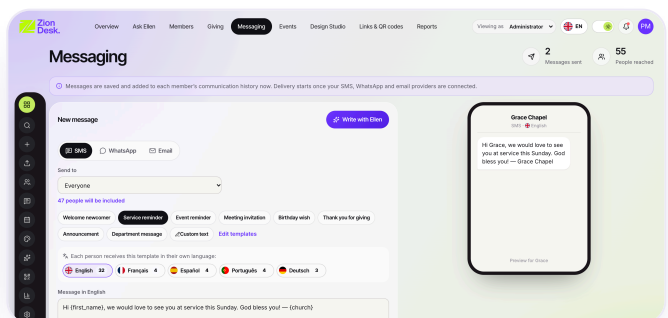

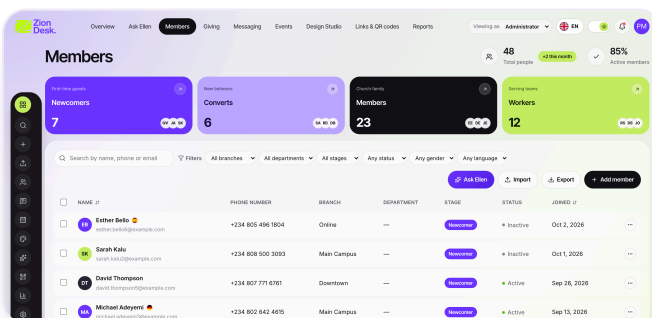

Ellen, your AI assistant

Ask "Who hasn't attended in a month?" or "Draft Sunday's announcement" — Ellen answers from your church's records.

Reports & birthdays

Growth, attendance and giving at a glance. Birthday greetings with a personal prayer, sent automatically.

From first visit to *family* — automatically.

Here's what happens when a guest walks through your doors this Sunday.

1

They scan the QR on the screen

A first-time guest or new convert registers on their phone in under a minute — in their own language.

2

A warm welcome arrives

ZionDesk sends a welcome message by email, SMS or WhatsApp, signed with your church's name.

3

Your team follows up the same day

New people appear on your dashboard so leaders can call, visit and pray with them.

4

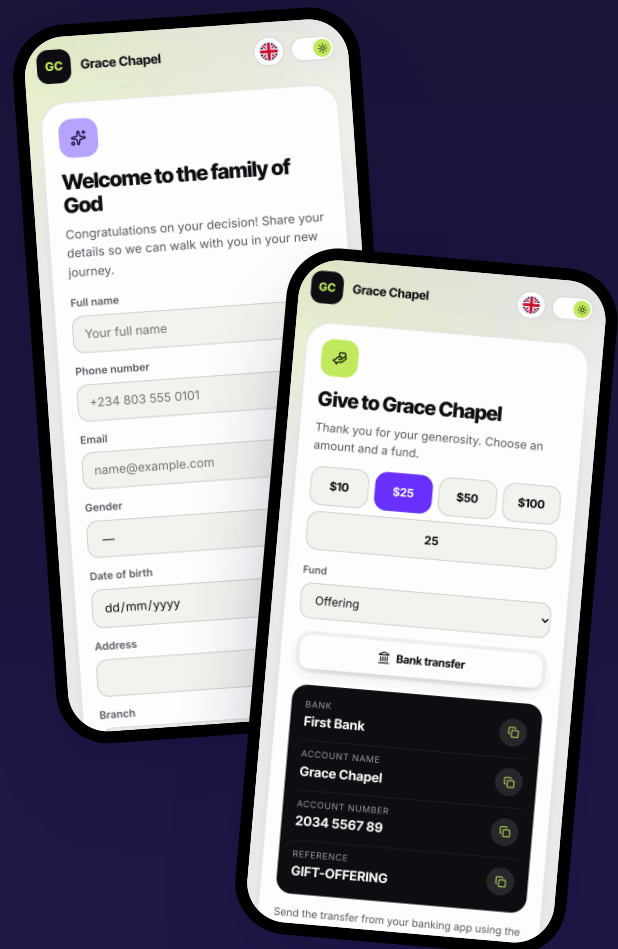

Every Sunday, one-tap check-in

Members check in with the same QR. You see who's here — and who you've been missing.

5

Nobody quietly disappears

When a regular misses Sundays in a row, a caring check-up goes out (if you switch it on). Replies come straight to your inbox.

Giving works the same way. Share your giving QR code — members give by card or mobile money in seconds, and every gift is recorded with a receipt.

Simple pricing for every church

You're in control

Upgrade, downgrade or turn auto-renew off anytime.

Prices per church per month. Local-currency prices are shown in the app before you pay.

How to subscribe in five easy steps

1

Start your free trial

Go to ziondesk.com and tap **Start free trial** (or scan the QR code below). Sign up with your email or Google.

2

Tell us about your church

Church name, country, phone and currency — then choose the plan you'd like to try. Your 7-day trial starts straight away.

3

Set up in minutes

Add or import members, print your registration and check-in QR codes, connect giving and invite your team.

4

Choose your plan

In your dashboard open **Settings** → **Plan**, pick Essentials, Ministry Plus or Ministry Max. Have a promo code? Enter it there.

5

Pay securely — and stay in control

Pay by card or mobile money through Flutterwave. Your plan renews monthly; switch **Auto-renew** off or on anytime in Settings → Plan.
